How did you get into eSports?

Student Quotes

Being in eSports means playing games with my friends a lot. I think it's important for schools to have eSports clubs because it helps people get involved on activities they enjoy.

Competing against other schools brings all of the schools closer together and brings fun and friendly competition.

Zech S.

When did you start your esports club?

Student Quotes

It's a fun place to hang out with your friends. You can play games, eat, or interact with others.

What was the process you went through to start your club?

Student Quotes

Going to esports club give me the opportunity to meet people not in my classes and bond with them in playing games we all enjoy. It is very important to have a club like this because it gives some people an outlet to just play games and unwind from the stresses school can have.

Rachel G.

What does the structure of your club currently look like? (Do you have a competitive team, student leadership opportunities? Etc.)

Student Quotes

To have some fun and excitement in life, esports is a good way to make new friends and maybe you can find some skills you have with playing games.

Louis D.

How did you get the required technology set up? What did that process look like?

Student Quotes

It means that I have friends and have a safe space to talk about my academic interests.

Renata J.

How did you and your students decide on what games to play?

Student Quotes

It's a way to get away from the stress of classes and just stress in general, and also being able to communicate with people that have the same interests as me.

Jordan K

What are some recommendations for educators out there that want to start their own esports clubs?
